"I just wanted to let you know that I am so pleased with my new front door. It looks so impressive and I can't think why I didn't have it done months ago. I also wanted to say that the fellows who did the installation were very good and very considerate. They left absolutely no mess. I look round my home and see that all my windows and doors have been supplied and installed by your firm. That is a tribute to the quality of your installations."
 Mrs Mulligan, Horsham

We are extremely pleased with our new flush fitting windows and the product quality. The service from SussexSurrey Doors and Windows from the first contact through to job completion was very high and professional. The installation guys worked very hard and are a credit to the company. Thank you."
