Unique , exclusive SlimSASH profile

Ultra-low profile glazing gasket means no thick black lines around the glass unit rendering the glazing gasket almost invisible

Fully welded frame

Adjustable friction stays for top-hung windows. Easy-clean/ fire escape friction stays for side-hung windows

Push-button, key lockable handles, available in a choice of colours incorporating an additional, lockable night vent position

High security, multi-point locking system -
• Roller cam bolts
• Twin shootbolts
• Hinge bolts (*optional*)

A choice of either black or grey, warm edge spacer bar

Internally glazed for **enhanced security**

Slimline profile minimises the frame thickness and maximises the glass area

Double-glazed unit uses clear, untinted, SGG Planitherm TOTAL + energy glass, to achieve maximum amounts of incoming light, and an 'A' Energy Rating if required

High-impact modified PVCu to prevent cracking with age or extreme cold

100% Lead-Free PVCu
